

MetroPlus Health Plan Quick Reference Guide

The **MetroPlus Health Plan Quick Reference Guide** is not an all inclusive list but represents a summary of prescribed medications within select therapeutic categories. This useful reference tool can assist medical providers in selecting therapeutically-appropriate and cost-effective products for their patients.

This list represents brand products in CAPS and generic products in lowercase *italics*. This document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, preference for brands and mandatory generics whenever available.

This list is not an all-inclusive list and does not guarantee coverage. For a complete list, please visit <http://www.metroplus.org/index.php>.

For prior authorization, please call 1-877-433-7643.

Any brand drug for which a generic product becomes available may require prior authorization or may not be covered. Unless specifically indicated, drug list products will include all dosage forms. This list represents brand products in CAPS and generic products in lowercase *italics*. This is not an all-inclusive list. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed. Log in to <http://www.metroplus.org/index.php> to check coverage.

§ Generics are available in this class and should be considered the first line of prescribing.

¹ Indicates the proposed mechanism of action, based on the American Psychiatric Association Summary of Treatment Recommendations.

Your privacy is important to us. Our employees are trained regarding the appropriate way to handle your private health information.
